Welcome To ZTechnik Worldwide

We are pleased to bring you this accessory catalogue and welcome you to the ZTechnik product line. ZTechnik, a division of National Cycle, Inc., specializes in high quality, innovative accessories for BMW Motorcycles.

The name itself, ZTechnik, is from the German "Zubehör Technik," which roughly translates to "technical accessories" in English. The philosophy of ZTechnik is to adhere to strict standards to produce only the highest quality accessories possible in order to enhance the rider's total experience.

Come ride with us, and you will experience the spark that drives a product into the design phase. It's not where we hang our helmets that these accessories are born... they find a place onto the pages of this catalogue after many miles of riding and talking with other BMW riders. The riders, the roads, and the experiences are all very different, but the one common bond all motorcyclists seem to share is the innate urge to mold their bike to themselves.

As great as the machines are, riders need products and accessories to solve problems, to carry gear, or simply for the fun of customizing their motorcycle, for making their bike unique.

We would like ZTechnik to augment your needs when it comes time to make your BMW motorcycle special. Our highly trained, technically skilled staff is at your service with our latest innovative products designed to enhance your enjoyment of riding.

Good Riding!

Barry Willey
President, National Cycle, Inc.

MATERIAL ICONS

Developed for motorcycle windscreen use by National Cycle, **Quantum® hardcoating** takes a quantum leap forward in scratch resistance, superb optics and long outdoor life. National Cycle and ZTechnik apply this crystal clear hardcoating to thick gauged polycarbonate material. The combined result is the strongest, most scratch resistant windscreen material available worldwide.

Lexan® polycarbonate windscreens with FMR hardcoating provide unbeatable strength, excellent optical quality, and extremely good scratch resistance. Lexan FMR polycarbonate is the OEM motorcycle industry standard and was originally introduced to the motorcycle industry by National Cycle, Inc.

High strength **Stainless Steel** material is extremely resistant to corrosion and will not fatigue under weight bearing, high stress loads. Finish varies depending on product.

High strength **Steel** material will not fatigue with weight bearing and high stress loads. Finish varies depending on product.

Our **Machined Aluminum** products are impressively milled and solidly constructed. Available in several anodized finishes.

Cast Metal, a time-honored method of pouring hot metal into a mold, enables us to create complex and multi-dimensional designs.

OTHER ICONS

All Hardware and Fasteners Included that are required to mount the item. Supplemental hardware may be required for certain models as noted in our application chart.

Uses Existing Mounting Hardware and requires no supplemental fasteners.

An exclusive **3-Year Warranty** covers all registered ZTechnik polycarbonate windscreens against breakage. Register yours at www.ztechnik.com.

ABE Approved for German homologation. All ZTechnik windscreens are U.S. DOT approved as well.

ABE Pending. U.S. DOT approved.

New Products are identified with this icon at the top of each page.

Quantum® is an exclusive product and a trademark of National Cycle, Inc., Maywood, IL USA.

VStream® is a registered trademark of National Cycle, Inc., Maywood, IL USA and is covered by patent #7387328.

Motorcycle model names and designations are trademarks of BMW AG and are used for reference only.

Lexan® is a registered product of SABIC.

ZTechnik was formed in 2000 to provide BMW dealerships with windscreens and accessories of OEM quality. Over the years, the ZTechnik brand has gained worldwide recognition, and our mission remains the same.

ZTechnik products are designed, engineered and manufactured by National Cycle, Inc. in the U.S.A. Our windscreen line is the finest you can provide to your customers. We start with the best materials and incorporate our state-of-the-art manufacturing. Check out the bracket systems for naked F- and R-Series motorcycles. Each system is engineered directly on the bike for a motorcycle-specific OEM fit and finish.

At ZTechnik, we think about every product from the rider's perspective. We measure the value of any accessory by how it increases the rider's enjoyment and whether it gives him or her more confidence and ability on the road.

Welcome To ZTechnik Worldwide

ZTechnik is releasing new products almost every month of the year! This new catalog provides a format for you to showcase all ZTechnik's products, new offerings and up-to-date information for riders worldwide.

Some of the icons used throughout this catalog you will recognize as ZTechnik trademarks. A detailed explanation for all the icons is given in the beginning pages. Familiarize yourself with them and you'll be able to quickly supply the enthusiast with much of their needed product information.

We get constant feedback from dealers and customers for new products and features. The ZTechnik Engineering and Production Teams are working hard to bring these to you and your customers!

Thank you for your support, and good riding!

PLACING AN ORDER

E-mail to: ncorders@nationalcycle.com
Fax 708-343-0625, or
Phone 708-343-0400 or
866-ZTECHNK (866-983-2465)

A purchase order number should be used in all cases – even the date works!

In turn, your order will be acknowledged on receipt.

Complete shipping information and instructions are on the back page of this catalog.

MULTI-FUT

Z8890

Z8891

Genuine Carbon Fiber Trim

Z8890 Carbon Fiber Fuel Cap Trim

Fits a wide range of BMW models with exposed fuel trim ring torx fasteners. Protects filler area from key and fuel pump damage. ZTechnik carbon fiber is protected with a top coat that will not yellow. Secures with 3M® waterproof adhesive that is also fuel resistant.

Z8891 Carbon Fiber Fuel Cap Trim

Fits a range of BMW models with concealed fuel trim ring fasteners. Protects the fuel trim ring and cap from key and fuel pump damage.

Z8892 Carbon Fiber Fuel Cap Trim

Fits a range of later model BMW motorcycles with exposed fuel trim ring torx fasteners.

Z8892

**Poured Clear
Resin Layer**

**Woven Carbon
Fiber Layer**

**Pressure
Sensitive
Adhesive
Layer**

Laminate Construction of Genuine Carbon Fiber

High quality, genuine woven carbon fiber material is first cut to shape with a precision die.

Next, a clear resin is carefully applied so that the entire perimeter has a smooth, radiused edge, producing a fluid transition to the contact surface of the motorcycle at all points.

A pressure sensitive adhesive backing is applied that securely, but safely, attaches the carbon fiber piece to the motorcycle.

All ZTechnik Genuine Carbon Fiber accessories are designed on each individual motorcycle model. This guarantees a perfect and precise fit with contours and edges that compliment the design of the motorcycle's bodywork.

ZTechnik Genuine Carbon Fiber accessories are made to stand up to years of use. They will not delaminate like cheaper imitations, nor will they fade and bleach out like faux carbon fiber material.

Like all other ZTechnik Accessories for BMW® Motorcycles, they're made to the highest quality standards – our own.

Refer to the ZTechnik Application Guide for the latest fitment information and updates.

Genuine Carbon Fiber Tank Protectors

Z8500 Carbon Fiber Tank Protector

Fits a wide range of BMW models. Measures 7.50" (19.0cm) long. Genuine carbon fiber cloth is protected by a clear, smooth resin top coat that will not yellow. 3M® waterproof adhesive means no peeling like the lower cost protectors. Styled for the BMW rider.

Z8501 Carbon Fiber Tank Protector

Fits a wide range of GS, R and S models. Measures 8.00" (20.3cm) long. Designed to be a perfect fit for the center section of your tank.

Z8502 Carbon Fiber Tank Protector

Fits all R1200RT and R1200R models. Compact size will not interfere with tank bag mounts on your R1200RT.

Z8503 Carbon Fiber Tank Protector

Fits all model years of R1200ST and R1200S, as well as the new K1600GT/GTL. Stylish design complements the bike's sleek lines.

Z8504 Carbon Fiber Tank Protector

Fits all model years of BMW's flagship sport bike, the K1200S and K1300S. Designed to fit the center section of the tank to prevent scratching from abrasive materials and zippers.

Z8505 Carbon Fiber Tank Protector

Fits a wide range of BMW models from G650GS to K1300GT.

Z8506 Carbon Fiber Tank Protector

Fits all F800GS, F700GS and F650GS Twin. Aggressive design also allows for easy removal of the tank's center section for charging the battery and other maintenance.
