

NEW for the Honda[®] GL1800 F6B!

National Cycle's innovative **VStream[®] Windscreen** gets its name from the unique shape and dimensional contours designed and engineered for each screen. The **patented "V" profile** helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience for both the rider and the passenger.

The VStream Windscreens designed specially for the F6B are made from extremely strong, 4.5mm thick **Lexan[®] polycarbonate** with National Cycle's **exclusive Quantum[®] hardcoating** for the ultimate in scratch resistance.

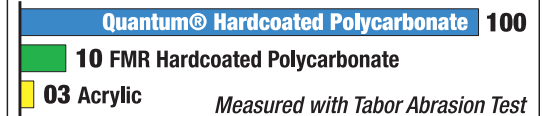

Quantum hardcoating even withstands the **steel wool test** originally developed by National Cycle.

These windscreens are so durable and roadworthy that they're backed by National Cycle's own **3-Year Warranty** against breakage.

If you ride an F6B, these are the strongest, toughest, best performing and best looking windscreens you can buy!

Abrasion Resistance

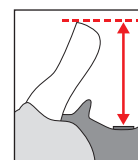

Impact Resistance

WINDSCREEN SPECIFICATIONS

Part No.	Model	Years	Coating/Color	Height	Price
N20018	GL1800 F6B	2013-Current	Quantum; Clear	18.00" (45.7cm)*	\$149.95
N20017	GL1800 F6B	2013-Current	Quantum; Lt. Tint	15.75" (40.0cm)*	\$139.95
