WORLDWIDE LEADER IN WINDSHIELD TECHNOLOGY

SPECIAL EDITION FROM NATIONAL CYCLE

PRODUCT FEATURES

National Cycle's innovative **VStream® Windscreen** gets its name from the unique shape and dimensional contours designed and engineered into the windscreen. The patented "V" shape helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience for both the rider and the passenger.

Quality features include sturdy **6.0mm thick polycarbonate** that reduces vibration and flex common with thinner windshields.

A SECURE FITTING WINDSHIELD

For rock-solid stability at all speeds, we made the Special Edition from **6mm thick polycarbonate**. Our workmanship extends to the smallest detail, like our supplied die-cut foam cushions that contour and smooth over the GL's interior dash to ensure a secure fitting windscreen.

FACTORY INSTALLED VENT

The VStream Special Edition comes complete with vent installed. Add a set of National Cycle **Wing Deflectors™** for complete riding comfort.

PRE-TREATED WITH RAINZIP®

Our ultimate windscreen comes coated with the ultimate rain repellent: **RainZip®**. RainZip makes rainy rides a bit sunnier.

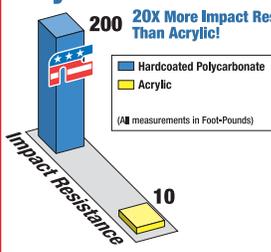

When the sun hits the Special Edition's unique gold flake finish, it dances under the protective Quantum coating.

For more information, see our **Product Overview** section at www.nationalcycle.com

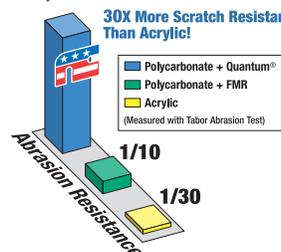

THE BEST MATERIALS

Quantum® hardcoated polycarbonate gives outstanding strength and unbeatable scratch resistance to a National Cycle windscreen.

Polycarbonate Strength

Quantum® Hardcoat

- Thick gauge material with a precision cut, smooth edge
- Quality is evident when you feel the smooth radiused edge and look at the shape of a National Cycle windshield
- 3-Year Warranty against breakage... period!

Think about riding into the sun or at night and not having to look through the glare of fine scratches! That's the Quantum® Difference!
