### **Windshield Types**

### **RS** Replacement Screen

ZTechnik Replacement Screens are a direct replacement for the OEM windscreen and use the OEM mounting hardware. Replacement Screens are generally larger or are made from inproved materials.

#### VS VStream® Aeroacoustic Windscreen

ZTechnik's innovative VStream® Windscreens gets their name from the unique shape and dimensional contours designed and engineered for each screen. The patented "V" profile helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience for both the rider and the passenger.

#### VS+ VStream® Aeroacoustic Windscreen with Custom Mount Kit

VStream+® Windscreens include specially designed and engineered mounting brackets that are a custom fit for each model bike. They're easy to install, require no modifications to existing components, and add strength and rigidity to the windscreen mounting points. VStream+ Mount Brackets are polished, plated or powdercoated to match the finish of each model bike.

#### **Windshield Materials**

### Quantum® Hardcoated Polycarbonate

Developed for windshield use by National Cycle, Quantum hardcoating takes motorcycle windshields a quantum leap forward in scratch resistance and out-door life. The durability of polycarbonate combined with Quantum hardcoating produces the strongest, most scratch resistant windshield available.

#### FMR Hardcoated Polycarbonate

The strength of polycarbonate combined with FMR hardcoating provides strength with very good scratch resistance. FMR polycarbonate is the OEM motorcycle industry standard and was first developed for the motorcycle industry by National Cycle.

ZTechnik 3-Year Warranty

Our exclusive 3-Year Warranty covers all ZTechnik polycarbonate windscreens and windshields against breakage for three years from date of purchase.

#### Windshield Dimensions

Height

Width All widths are measured in a straight horizontal line across the back of the screens at their widest point.

- Specially designed and engineered mounting brackets are custom designed and engineered for each model bike.
- Guaranteed fit with no modifications to existing components.
- Adds strength and rigidity to the windscreen mounting points.
