TOOLS REQUIRED FOR ASSEMBLY

#2 or #3 Phillips Screwdriver

A

PREPARATION

Carefully unpack your new windshield, sort the parts, and make sure you have everything required to complete the assembly.

ATTENTION: Special notes and cautionary measures which can prevent damage to the accessory or vehicle.

NOTE: Tips for facilitation of operation, control and adjustment, as well as maintenance work.

Illustration B

WINDSHIELD INSTALLATION

INSTALLING WRAPAROUND CLAMPS

Figure 1

Place Windshield on the vehicle hood and against the front frame rails of the vehicle.

Then install and align the four Wraparound Clamps (B) onto the frame rails of the vehicle.

Illustration A

Orient the clamps so that the male half (with embossed part number) is toward the windshield and the front of the vehicle.

ASSEMBLING WINDSHIELD TO THE WRAPAROUND CLAMPS

 Place all fasteners within reach of windshield installation procedure.

Illustration B, Figure 2

Loosely install the following parts through the Windshield Grommets and into the four Wraparound Clamps (B) as shown in illustration B. (*Phillips Screwdriver*)

- Machine Screws (C)
- Flat Black Washers (D)
- Retainer Pins (E)

 Note the hex shape of the Retainer Pins and male Clamp halves.

WINDSHIELD INSTALLATION; CONT'D

SECURE VELCRO® STRIPS TO VEHICLE HOOD

Figure 3

Check the alignment and position of the Windshield and make sure it is even and symmetrical. Snug up the windshield bottom against the hood.

Remove the adhesive backing from the Velcro® loop material on the lower edge of the windshield (see detail inset) and then press the windshield tabs firmly onto the hood of the vehicle.

FINAL TIGHTENING

Figure 4

Now that the Windshield is in its final position, securely tighten the Machine Screws (C) in the four Wraparound Clamps. (*Phillips Screwdriver*)

Your new Quantum® Hardcoated Polycarbonate Windshield is now fully assembled.

Test ride for function and performance, and enjoy your new National Cycle UTV Windshield!

WASH'N'WIPE™

Mounting Brackets Vary by Model

WASH'N'WIPE™ WIPER KITS

This windshield is pre-drilled and prepped for the installation of National Cycle's optional Wash'n'Wipe Wiper Kit.

Part No. N30215-WK

Ask for Shield Wash™ and RainZip® at your local dealer or visit www.nationalcycle.com.

CLEANING AND MAINTENANCE

To clean your windshield, wash with a clean soft cloth and plenty of warm water and, if necessary, a non-abrasive soap such as dishwashing liquid. Flannel or soft chamois make good cleaning cloths.

Paint, glue residue or grease removal: Moisten cotton wad with naphtha or turpentine followed by a wash as above.

National Cycle **Shield Wash™** (N1401-01) makes a good daily cleaner and comes with a handy travel-size bottle. Shield Wash is safe for all windshields and helmet visors.

Do not clean polycarbonate in hot sun or high temperatures. Do not clean the screen with household glass cleaners.

Do not allow brake fluid, alcohol, or strong solvents to contact the windshield.

RAIN REPELLENT

Do not use rain protective products made for glass. We recommend National Cycle's **RainZip®** (N1410-01) to keep your windshield clear in rainy weather.

National Cycle 3-Year Limited Warranty

Register Your Windshield Online at www.nationalcycle.com

National Cycle hereby warrants to the original registered owner of a National Cycle polycarbonate windshield for a period of three years from the date of purchase against breakage. This limited warranty is expressly limited to the replacement of the polycarbonate windscreen. This limited warranty does not include scratches, coating failure, cosmetic wear and tear, replacement of hardware, or any consequential damages or expenses including labor cost of installation, removal and/or replacement, inconvenience, inbound freight expenses or damage to any other component of the vehicle or any other accessories. Certain chemicals, generally known as acidic hydrocarbons, are known to cause polycarbonate damage and will not be covered under this limited warranty. Please refer to the cleaning instructions supplied with all National Cycle windshields. Visit www.nationalcycle.com for further details or call or write National Cycle Inc.

⚠ WARNING

Never operate your vehicle with loose accessory mounting hardware. Check the hardware for tightness regularly.

UTVs are built with enough frame rigidity to withstand the moderate loads imposed on them by the foreseeable addition of an accessory(ies). If an accessory(ies) adversely affects your vehicle's stability, immediately remove the accessory(ies). Do not operate a vehicle that exhibits unsafe handling traits.

Have experienced service personnel correct any problem before driving with the accessory(ies) installed. For further questions concerning handling problems associated with an accessory(ies), contact your dealer, UTV manufacturer, or accessory manufacturer.

Caution: Do not clean polycarbonate in hot sun or high temperatures. Do not clean the screen with glass cleaners. Certain chemicals, generally known as acidic hydrocarbons, are known to cause polycarbonate damage. Do not allow brake fluid, alcohol, or strong solvents to contact the screen.

Caution: Do not use rain protective products made for glass. We recommend National Cycle's rainZip® (N1410-01) to help shed water in rainy weather.

Caution: Always face windshield forward (in direction of travel) while carrying on truck or trailer.
