Polycarbonate or Acrylic?

Is there a difference? We took some popular acrylic windshields and subjected them to a battery of tests. We performed the same tests on our polycarbonate windshields.

The results may surprise you! Watch the video and see for yourself... then YOU decide!

The RainZip® Difference

Watch this video and learn how to use National Cycle's Shield Wash™ and RainZip® on your motorcycle windshield, and then see a demonstration of how well it works!
